Mozambique Rough Hunts 2012

Our RoughHunts all take place on close to 1 million acres of community hunting land in the Chiridzi, Chifunde and Macanga districts of the Tete Province. These are the old hunting grounds of Walter “Karamojo “ Bell and we offer a hunting experience as close to the early exploration days as possible.

In the middle of this vast tract of Africa, NiassaLand Safaris LDA owns the Pembe Private hunting reserve of around 65,000 acres with a permanent tented camp where we conduct our traditional safaris from. However it is the surrounding land that takes our interest and becomes the focus of these RoughHunts – unopened land that holds the big 4 as well as a healthy selection of other plainsgame species.

What we provide

Traditionally the central African countries do not allow the Chasse Libre (self Guided Hunt) and you have to be accompanied by a professional hunter at all times. So your PH along with a reliable mode of transport in the form of a Land Cruiser, a complement of trackers and other staff and some basic equipment to survive on will meet you at the airport and assist with gun clearance. Your PH will have your hunting license in hand as well as the permits for the species you intend to hunt.

Following in the tradition of the early safaris, as outfitters we provide the very basics which includes but is not limited to: classic canvas tents and cots, basic camp equipment and eating and cooking utensils, a supply of dry goods such as grits, rice, beans, flour for bread, potatoes etc. as well as canned food. Fresh meat will come from what we are able to shoot. We also will provide a supply of bottled water.

In addition we are loaded up with the essentials for a remote safari – diesel, salt for the skins, emergency medical kits and satellite phone.

That’s about it – very much like the first safaris of the early explorers where camp was totally mobile and set up where the game was plentiful.

Gearing Up

We believe a lot of the fun of this safari can be your pre planning and gearing up and thus we are here for guidance and advice. Your essentials will be – your guns and ammunition, suitable hard wearing clothes and shoes, all personal essentials such as toiletries, bathing soap, medications etc. as well as any new hunting toys that may seem appropriate and fun.

If you want any special drinks or food then you will have a chance to purchase this in Tete prior to your departure for the bush.

These hunts require a certain amount of time, patience and adaptability on your part as they are based upon breaking open new roads and un-hunted country and are in essence unpredictable – the very reason that makes them a true hunting adventure!

details

Rough Hunt – minimum 18 – 21 days

dates: June thru November

primary species available: Elephant, Lion, Leopard, Buffalo plus all others

Hunt rates & fees

2012 RoughHunt day fees

2xI - US\$ 500 per hunter

1xI – US\$ 750

Additional trophy fees & other fees associated with this safari (see below)

payable at safari conclusion

Rough Hunt Fee Structure – please read this carefully

Although we go to great lengths to provide you with an authentic hunting adventure and charge you a lower day fee for this RoughHunt experience, we still charge the full safari fee based upon your level of species success.

This means if you shoot any of the big 4 species then the applicable full 2012 safari fee is payable (less the RoughHunt day fees you have already paid).

The full safari fees are listed below

PLEASE NOTE: these fees are not trophy fees for each animal, they are TIERED success fees, and if you shoot a Lion for example, then all other trophy fees are at trophy list price. If you shoot an elephant the same applies except for the Lion as this is a tier above. The same goes for the lower tiered Leopard and Buffalo.

The reasoning behind this unique fee structure is to allow maximum flexibility to you the client as you never know what you will bump into and we do not want to restrict you to one species only.

permits & documentation

CITES & USFWS permits & application

Depending upon what you want to hunt, certain permit restrictions apply for Mozambique. No Elephant trophy of any sort is allowed to be imported into the US. Other countries do however qualify for Elephant import under CITES. Leopard is on CITES I and requires pre safari application procedures. Lion and Crocodile are on CITES II which only requires a permit from the country of origin which we arrange for you and are registered on file with USFWS as exportable trophies from Mozambique

guns and ammunition for Mozambique

- regulations state a caliber of no less than 9.3mm or .375 magnums be used on dangerous thick-skinned game. This applies to all dangerous game other than Leopard for which a minimum of 7mm or higher is required.
- no military style weapons or calibers are permitted into the country.
- no more than 100 rounds per rifle and 200 shells per shotgun are allowed to be brought into the country, however please bring as advised in our correspondence.
- please make sure that you are shooting premium quality ammunition, loaded for African game. For Buffalo, Elephant and Hippo bring the heaviest grain bullets you can get.
- ammunition is not available in Mozambique, however we may have a supply in camp
- a temporary import permit for your rifles / shotguns is required. This is applied for in advance by us – ensure you give us all your firearm particulars, passport details and personal information
- you will have to declare the amount of ammunition you intend bringing into the country. You will pay a customs duty and excise tax for each round of ammunition brought into the country.
- You **MUST** tell us the **EXACT** amount of ammunition you will have on you as this has to be indicated on your firearm import permit.

terms of business

- no refund of deposit can be made if a client cancels the safari less than six (6) months of the contracted starting date, unless the safari can be rebooked.
- in all other instances, the deposit will be refunded less 10% administration fees
- if a client postpones the safari to the following year the deposit, less 10% administration fees and PH fees, will be applied to the postponed safari
- clients are responsible to settle the outstanding safari fees, trophy fees and charter fees in full, before their departure from camp. Please arrange with us beforehand to transfer money for your expected expenses as we can only accept cash in Mozambique – NO TC's, credit cards or personal cheques.
- while we go to every effort to ensure our prices remain firm, we have no control over any increases implemented by the Mozambique Wildlife Authority. In this regard, if such increases occur we reserve the right to alter fees directly related to these increases.

- any safari hunting activity is potentially hazardous and it is essential that the lawful directions and instructions of the safari operator and professional hunter be followed at all times for the duration of the safari.
- hunting is a sport where chance plays an important role and therefore no refund of any safari fees will be made mid safari if the client elects to stop the hunt regardless of the conditions in the field or what the client perceives
- neither Hunt Logic nor any of its affiliated companies, agents or sub-agents shall be or become liable or responsible in any way for any loss, injury or damage to or in respect to any person or property whatsoever caused or arising.
